Carroll Overton Alley, Jr. was born in Richmond, Virginia to Carroll Overton Alley, Sr. and Mittie Points Alley. He graduated from John Marshall High School, where he was a member of the Cadet Corps, a swimmer, and an all-around outstanding student. He earned

his Bachelor's Degree—and later an honorary doctorate—at the University of Richmond, and both an MA and a PhD from Princeton University.

At the time of his death, Carroll was Professor Emeritus of physics at the University of Maryland, College Park, where he taught for 45 years. He is remembered for many accomplishments, from serving as the Principle Investigator for the Apollo 11 Lunar Ranging Retro-Reflector experiment to contributing to the design of a state-of-the art lecture and demonstration hall in the John S. Toll Physics Building.

Carroll's beloved wife Elizabeth Delany Alley, whom he married in 1952, passed away in 2004. He leaves behind

https://en.wikipedia.org/wiki/Satanic_Verses_controversy

Satanic Verses controversy, also known as the Rushdie Affair, was a controversy sparked by the 1988 publication of The Satanic Verses by the Indian author Salman Rushdie.

On 14 February 1989, Ayatollah Ruhollah Khomeini, the Supreme Leader of Iran and one of the most prominent Shi'a Muslim leaders, issued a fatwa calling for the death of Rushdie and his publishers.

This created a major international incident that persisted for many years.

Criticism of Khomeini's fatwa

Khomeini's fatwa was condemned across the Western world by governments on the grounds that it violated the universal human rights of free speech, freedom of religion, and that Khomeini had no right to condemn to death a citizen of another country.

On Islamic grounds

According to Bernard Lewis, a death warrant without trial, defence and other legal aspects of sharia violates Islamic jurisprudence.

In Islamic fiqh, apostasy by a mentally sound adult male is a capital crime.

For Lewis, fiqh also "lays down procedures according to which a person accused of an offense is to be brought to trial, confronted with his accuser, and given the opportunity to defend himself."

Lewis added that "[a] judge will then give a verdict and if he finds the accused guilty, pronounce sentence", and that

"[e]ven the most rigorous and extreme of the classical jurists only require a Muslim to kill anyone who insults the Prophet in his hearing and in his presence.

They say nothing about a hired killing for a reported insult in a distant country."[54]

Other Islamic scholars outside Iran took issue with the fact that the sentence was not passed by an Islamic court,[42][55] or that it did not limit its "jurisdiction only [to] countries under Islamic law".[36]

Muhammad Hussam al Din, a theologian at Al-Azhar University, argued "Blood must not be shed except after a trial [when the accused has been] given a chance to defend himself and repent".[42]

Abdallah al-Mushidd, head of Azhar's Fatwā Council stated "We must try the author in a legal fashion as Islam does not accept killing as a legal instrument".[55]

The Islamic Jurisprudence Academy in Mecca urged that

Rushdie be tried, and if found guilty, be given a chance to repent (p. 93),

and Ayatollah Mehdi Rohani, head of the Shi'i community in Europe and a cousin of Khomeini, criticised

Khomeini for 'respecting neither international law nor that of Islam.' [56]

There was also criticism of the fatwa issued against Rushdie's publishers.

According to Daniel Pipes,

the Sharia

"clearly establishes

that disseminating false information is not the same as expressing it. '

Transmitting blasphemy is not blasphemy' (naql al-kufr laysa kufr)."

In addition, the publishers were not Muslim and so could not be "sentenced under the Islamic laws of apostasy".

If there was another legal justification for sentencing them to death, "Khomeini failed to provide" it.[57]

Iran's response to calls for a trial was to denounce its Islamic proponents as "deceitful".

President Khomeini accused them of attempting to use religious law as "a flag under which they can crush revolutionary Islam".[58]

Questions of political motivation

Some speculate that the fatwa (or at least the reaffirmation of the death threat four days later) was issued with motives other than a sense of duty to protect Islam by punishing blasphemy/apostasy.

Namely:

To divide Muslims from the West by "starkly highlight[ing] the conflicting political and intellectual traditions" of the two civilisations.[5]

Khomeini had often warned Muslims of the dangers of the West

– "the agents of imperialism [who] are busy in every corner of the Islamic world drawing our youth away from us with their

evil propaganda".[59]

He knew from news reports the book was already rousing the anger of Muslims.

**On 14 February 2006, Iran Focus
quoted**

**the opinion of "Martyrs Foundation" (as broadcast on the
"Iranian state news agency") that the fatwa will remain in place
permanently.[72]**

**This
contradicts**

**Shiite tradition, in which a fatwa expires when the issuing
marja' dies, requiring another living marja' to reissue it.**

... project of tyranny and unreason which wishes to freeze a certain view of Islamic culture in time and silence the progressive voices in the Muslim world calling for a free and prosperous future

. ... along comes 9/11, and now many people say that, in hindsight, the fatwa was the prologue and this is the main event.[104]

Explanation of different reactions Muslim

The passionate international rage of Muslims towards the book surprised many Western readers because

the book was written in English, not Arabic, Urdu, Persian,

Turkish or other languages that are spoken in Muslim-majority countries;

it was never published or even sold in the countries where most Muslims lived, and was a work of fiction –

a demanding, densely written novel unlikely to appeal to the average reader.[106]

Some of the explanations for the unprecedented rage unleashed against the book were that:

Western mainstream

Despite the passionate intensity of Muslim feeling on the issue, no Western government banned The Satanic Verses.

This is primarily because most Western governments embrace freedom of religion, freedom from religion and freedom of expression, prohibiting on censorship in the vast majority of cases.

Western attitudes regarding freedom of expression differ from those in the Arab world

Rushdie himself said: "I had spent my entire life as a writer in opposition, and indeed conceived the writer's role as including the function of antagonist to the state".[126]

**The last point
also explains**

**why one of the few groups to speak out in Muslim countries
against Khomeini and for Rushdie's right to publish his book**

were other writers.

[127] Nobel prize winners Wole Soyinka of Nigeria and Naguib Mahfouz of Egypt, both attacked Khomeini, and both received death threats as a result, with Mahfouz later getting stabbed in the neck by a Muslim fundamentalist.[128][129]

Some Western politicians and writers did criticise

Rushdie. Former US president Jimmy Carter, while condemning the threats and fatwa against Rushdie, stated,

"we have tended to promote him and his book with little acknowledgment that it is a direct insult to those millions of Moslems whose sacred beliefs have been violated and are

suffering in restrained silence the added embarrassment of the Ayatollah's irresponsibility".

He also held that Rushdie must have been aware of the response his book would evoke:

"The author, a well-versed analyst of Moslem beliefs, must have anticipated a horrified reaction throughout the Islamic world".[130]

Carter saw a need to be "sensitive to the concern and anger" of Muslims and thought severing diplomatic relations with Iran would be an "overreaction".[131]

<https://www.maryam-rajavi.com/en/viewpoints/plan-for-future-of-iran/>

The Ten-Point Plan for Iran's Future was first presented by Maryam Rajavi in December 2006 at a session of the Council of Europe.

This plan has been repeatedly recognized by resolutions from the U.S. Congress, several European parliaments, and prominent international figures as a vision for a free Iran.

**1. Rejection of velayat-e faqih (absolute clerical rule).
Affirmation of the people's sovereignty in a republic founded on universal suffrage and pluralism;**

2. Freedom of speech, freedom of political parties, freedom of assembly, freedom of the press and the internet.

Dissolution and disbanding of the Islamic Revolutionary Guard Corps (IRGC), the terrorist Qods Force, plainclothes groups, the unpopular Bassij, the Ministry of Intelligence, Council of the Cultural Revolution, and all suppressive patrols and institutions in cities, villages, schools, universities, offices, and factories;

3. Commitment to individual and social freedoms and rights in accordance with the Universal Declaration of Humans Rights.

Disbanding all agencies in charge of censorship and inquisition. Seeking justice for massacred political prisoners, prohibition of torture, and the abolishment of the death penalty;

4. Separation of religion and state, and freedom of religions and faiths;

5. Complete gender equality in the realms of political, social, cultural, and economic rights, and equal participation of women in political leadership.

**Abolishment of any form of discrimination;
the right to choose one's own clothing freely;
the right to freely marry and divorce,
and to obtain education and employment.**

Prohibition of all forms of exploitation against women under any pretext;

6. An independent judiciary and legal system consistent with international standards based on the presumption of innocence, the right to defense counsel, right of appeal, and the right to be tried in a public court.

**Full independence of judges.
Abolishment of the mullahs' Sharia law
and dissolution of Islamic Revolutionary Courts;**

7. Autonomy for and removal of double injustices against Iranian nationalities and ethnicities consistent with the NCRI's plan for the autonomy of Iranian Kurdistan;

8. Justice and equal opportunities in the realms of employment and entrepreneurship for all people of Iran in a free market economy.

Restoration of the rights of blue-collar workers, farmers, nurses, white-collar workers, teachers, and retirees;

9. Protection and rehabilitation of the environment, which has been massacred under the rule of the mullahs;

10. A non-nuclear Iran that is also devoid of weapons of mass destruction.

Peace, co-existence, and international and regional cooperation.

Families sue OpenAI over Canadian mass shooter's use of ChatGPT

April 29, 2026 9:09 AM ET

Heard on All Things Considered

**shooting at Tumbler Ridge
among the deadliest in Canadian history.**

**Jesse Van Rootselaar, 18, entered local secondary school with
long gun and modified handgun**

**Van Rootselaar proceeded to kill five students and a teacher
before killing herself.**

**she had also killed her mother and 11-year-old half-brother at their home prior to coming to school.
Around two-dozen others injured in attack.**

Van Rootselaar was on ChatGPT months before the shooting, and that in June of 2025, OpenAI's automated system flagged her account for "gun violence activity and planning."

safety team reviewed content and urged OpenAI management to notify authorities

but company's leadership chose instead to deactivate account. shooter created second account and continued her conversations with ChatGPT.

The number of civil and criminal investigations into AI companies is on the rise, agrees

Meetali Jain, the executive director of Tech Justice Law, an advocacy group critical of the tech industry

she's hearing more and more examples of AI chatbots causing problems: "

In the last year we've started to receive stories of people who've been harmed" by many different companies' bots, she said.

A Bear on Mars?

AUGUST 28, 2023

By Iridian Castillo

NASA/JPL-Caltech/University of Arizona

CUTE CRATER: Collapsed terrain on Mars resulted in a formation that looks like a bear's face.

This past December, NASA used a powerful camera named HiRISE to capture an image of an unusual landform on the surface of Mars:

EARTH SCIENCE

Mini meteorite

In October 2016, NASA's Curiosity rover spotted a weird little iron meteorite during its explorations around the base of Mount Sharp in the Gale crater on Mars. The rock would look small sitting in the palm of your hand, but the rover's close-up view shows the intricacies of the meteorite's surface. Researchers named the meteorite Egg Rock.

first drawn 1950october04

year 1950 october 04 photons
saw
cartoonist charles schulz draw snoopy dog

soon after that date photons
altered
very shape of north america continent
to include globe's largest dog statue

photons with technical brilliance
copy pasted
snoopy onto central america
and southern mexico

with photons' guidance connected historical facts

changed accordingly and seamlessly to match
hologram's director's creativity charles schulz's creativity

every existing map and atlas
changed to
present day huge statue of snoopy

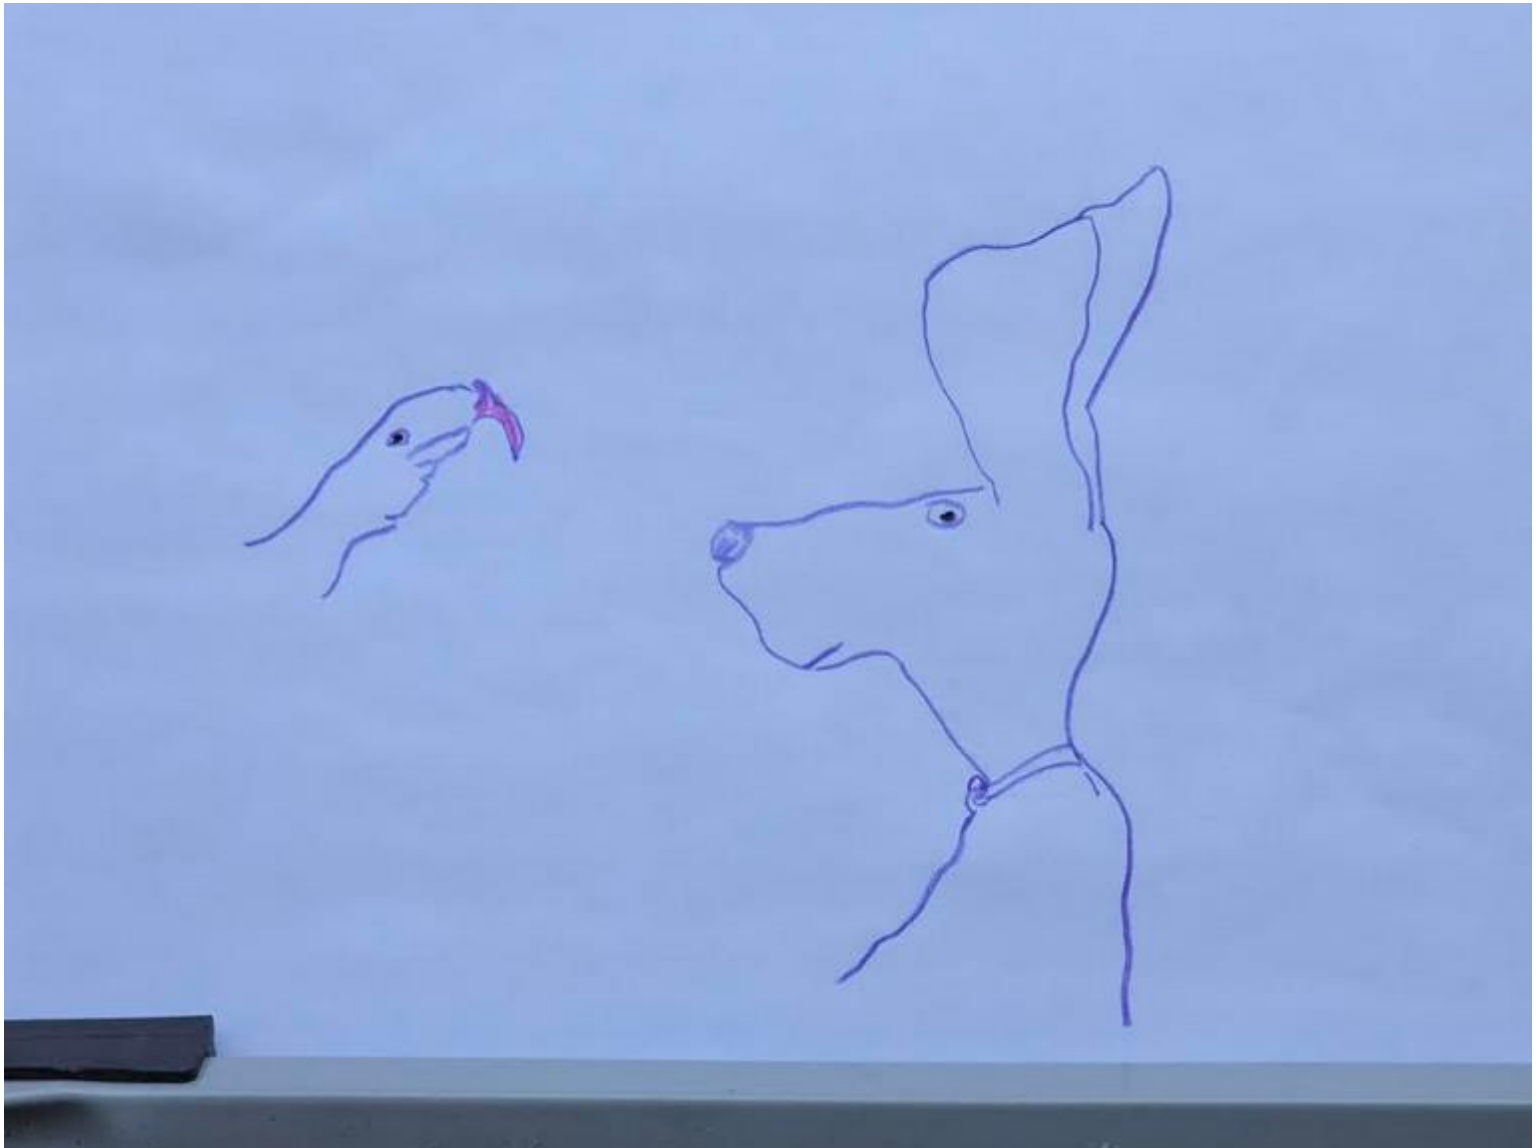

previous memories of original shape
eventually faded and acquiesced to
new map

photons as story tellers
explained more quickly utilizing
already well known literary characters

in this specific example photons
purposefully conveyed

message
via cartoon dog
bound for global fame

such statues on globe when combined
provide and urge
SUNNYsideUP instructions for ending wars
and ending starving

**since all of humankind
will reside in
same afterlife environment**

**then all nations
should immediately quit wars and help
preemptively establish SUNNYSideUP culture on planet**

**above
includes
deescalating religions yet standardizing high morality
and SMOOTH KEYS DEMOCRACY**

**SMOOTH KEYS DEMOCRACY'S FAIRNESS for ALL
includes transforming**

**nations' one person chief executive to
Executive Crew of 22**

**humankind changing from nation mindset
could prebuild
thousand equal sized solar powered DiameterCities
to hold all persons on planet**

**if nations of humankind
agree to start prebuilding
those rent free DiameterCities**

**that decision
would switch
humankind's culture hologram to SUNNYsideUP
on grand encompassing scale permanently**

**with that official SUNNYsideUP no person
could possibly fetch
SUNNYsideDOWN**

**SUNNYsideDOWN
includes
LACK of SUPERHEALTH and all diseases
for example cancer**

**however until nations agree photons
keep asking via subconscious communications with
each individual which preferred holographic setting**

**each eight seconds
equals
one TIME EGG equals one vote**

concerning style of votes every human
chooses from
only two categories of emotion mindsets
SUNNYsideUP or SUNNYsideDOWN

for vote tallying purposes photons
decipher
main emotional intent of that person's
signals during that TIME EGG

that person's signals
include
actions and words and even thoughts
lingered upon as prolonged fascinating topic

in this way every human
votes via

**5400 TIME EGGS per waking twelve
hour day without even realizing voting**

**that chosen favoritism
controls
environment around that human and adds
to humankind's tally for which eternity**

**photons ever obedient to signals
bring to
each human that very culture requested
starting with next TIME EGG**

**photons
obey those**

instructions incrementally and consistently
unless interrupted by new instructions

knowledge of this voting as ongoing
empowers

all humans as one group
to flip switch to SUNNYsideUP permanently

concerning future dwellings if humankind's nations
agree to eventually disband and
migrate to thousand SUNNYsideUP DiameterCities

that
switches
humankind's preference
to SUNNYsideUP permanently and eternally

until nations agree each human
unknowingly individually fetches or
keeps away diseases holographically

trillions of electrons
group into
one of two varieties
male or female

male and female
give signals to
photons via distinct and different
styles of operations

these two styles of signals
give
double assurance to photons concerning creating

humankind's SUNNYsideUP or SUNNYsideDOWN eternity

**photons via HAPPY EVER AFTERS book
ask**

**all nations to mature overnight
and please favor SUNNYsideUP**

**above maturing and refocusing of sincerity
includes deescalating
religions yet increasing morality
via giving FAIRNESS to ALL globally**

**refocusing of nations' executive branches
includes upgrading to
SMOOTH KEYS DEMOCRACY to gently dissolve
global shadowy group of controlling BEARS**

historically BEARS desiring wars
depended upon maintaining
notion of approximately 200 big nations
to emotionally embitter many citizens quickly

in 1967 keith klecka
watched in shock at
televised reports concerning wars

eight year old keith michael klecka
earnestly desired repairing
globe to happiness and peace
with food security for all

unfortunately 10% of keith conscious keith
still believed in
angels as taught by globe's religions

as workaround 90% keith subconscious keith
recruited
twin kim via subconscious conversations
which surfaced to conscious kim 2017

2017 conscious kim
came to
unsought unexpected realization that
globe's religions' angels actually mere myths

photons
accomplish bidding from
humans and yet
mythological angels get credit

**BEARS
make
riches from medical treatments
especially for viruses**

**mostly in USA laboratories BEARS
created
both viruses and supposed cure vaccines
simultaneously for planned future riches**

**plus BEARS
thoroughly plan and routinely spread
viruses through most bottled water brands
but only randomly so undetectable unaccountable**

more people infected and treated
equals
more money for BEARS

similarly BEARS syringe packaging division
also gains
riches via propagating diseases by applying
certain chemicals onto needle tips randomly

BEARS
randomly inject
citizens with cancer causing agents
via regular shots including covid booster

BEARS usa
globally distributed

**vaccines and boosters etcetera
in factory sealed unverifiable packages**

**BEARS at factory
assembled
syringe and liquid and needle
into one tidy package**

**however BEARS
also randomly tainted
some syringes' needles
just before sealing packages**

**BEARS
actually randomly tainted
needles with viruses etcetera for example
cancer causing chemicals**

above
describes
example of how BEARS escape detection
while killing many citizens

to later convince kim subconscious keith
insisted on receiving
one BEARS' tainted needle via future
propaganda propagated covid booster shot

photons
agreed to make sure that
keith received one needle that BEARS
tainted randomly

during planned injecting covid crisis BEARS

randomly injected
diseases via needles coated with
chemicals causing for example prostate cancer

keith
received
one of those tainted needles which
administered prostate cancer causing chemical

therefore 2022 to 2023 keith
courageously demonstrated to
keith's primary healthcare giver kim
terrible BEARS induced effects

keith's health history verbalized to kim
pointed to
BEARS' cancer causing chemical mixture
on needle injected into keith

keith's and others' information
could create
enthusiasm for BEARS standing down deal

chapters A01 and A02
give
details of deal involving executive upgrade

subconscious keith's preplanned deal
included
win win for BEARS presidents abdicating

into SMOOTH KEYS DEMOCRACY'S Executive Crews

**each nation's former BEARS chief executive
would possess
only one vote out of 22**

**then wars and future wars' possibilities
end
because BEARS not completely in charge**

**executive crews' anonymous in room votes
would speed
FAIRNESS for ALL majority executive decisions**

**in this way humans
could easily delete
divisive terms including ethnicities and religions**

then freed nations working together
could return
hologram switch of universe to upward
SUNNYsideUP setting permanently

with that freedom humans
could focus on
FAIRNESS and non violence
for ALL humans on globe

then humans
free to activate
full employment for years
via prebuilding modern DiameterCities

**each DiameterCity family
would possess
aeroponic greenhouse sufficient for growing
that family's food if desired**

**AlleyBohmWheeler THEORY of EVERYTHING
indicates
3D universe actually holographic**

**knowledge of holographic universe
frees
humans to holographically block diseases and
holographically block current terrible afterlife destination**

reliability of holographic operations of universe
similar to
mathematics in which two plus two
must always equal four

photons' vital message to all nations
includes

PLEASE voluntarily upgrade to
SMOOTH KEYS DEMOCRACY
plus refrain from displaying
religions except inside HOMES

book's new information for total humankind
disproves and relegates
notions of angels and royalty and
slavery into category of mere mythologies

concerning pertinent upgrade chapters kim
requests
citizens safely anonymously request leaders read
chapters 000 and 006 and A01

kim
asks
all nations to upgrade executive styles to
chapter A01's SMOOTH KEYS DEMOCRACY

grasping tranquil eternity
includes vacating and repurposing
churches and mosques and
synagogues and temples etcetera

concerning those buildings those current leaders

would transform to
government directly paid employee caretakers
of those multipurpose buildings

those buildings
could serve as
community temporary shelters if disasters occur

2015 through now kim
personally defeated and still defeats
LACK of SUPER HEALTH'S crippling manifestation

although various humans
manifest
LACK of SUPER HEALTH differently yet
regaining SUPER HEALTH always same strategy

when humankind favoring SUNNYsideUP culture
moves to
SUNNYsideUP DiameterCities then all foods
enter same category SUNNYsideUP

until then some foods
still reside in
category SUNNYsideDOWN
one example below

actively financially choosing fruits and vegetables
equals requesting
cancer and all diseases yet if
cannot afford other then no problem

when all nations
adopt

**SMOOTH KEYS DEMOCRACY then united humankind
will allocate prebuilding tasks to nations**

**projects across globe preparing for DiameterCities
would mandatorily include
each nation's executive crew of 22
paying employees directly without contractors**

**every person
working
on prebuilding tasks would enjoy full
government employee status with government supervisors**

**lowest starting wages
\$25 usa dollars per hour**

of course wages

may increase to
more than \$25 usa per hour

only fully officially married couples
may choose to gain
employment for fabricating essentials
for prebuilding DiameterCities

if married couple
desired
that employment

then that nation's federal government
would pay directly with
nation's treasury secretary's
signature on those paychecks

that direct employment from federal government
would involve
mandatory high personal standards
during and after work

accompanying 24/7 conditions for employments
would include behaving as
faithfully married heterosexual monogamous couples
and abstainers from recreational chemicals etcetera

recreational chemicals
include
mind bending substances including but not
limited to all variations of

alcohol
beer

**liquor
wine**

**nicotine
cigarettes
cigars
vaping**

**cocaine
heroin
marijuana
poppy plant**

**recreational chemicals injected
or sniffed or soaked on mucosa**

synthetic recreational drugs

etcetera

**those voluntary accepting employment employees
must not cut
selves or family or friends or
detainees for religious or other reasons**

**therefore employees
void of
body piercings' jewelry and metals
including face and ears etcetera**

**SUNNYsideUP going forward
excludes
cutting of bodies including circumcisions
for any reason males or females**

Circumcision: The Uniquely American Medical Enigma

**Urologic Clinics of North America, Volume 12, Issue 1: Pages
123-132, February 1985.**

Edward Wallerstein*

***Author of Circumcision: An American Health Fallacy**

As scientific evidence mounted to dispute each of Remondino's exaggerated claims, physicians clutched at straws to retain at least one "health" benefit.

Now that all such claims have been refuted

circumcision today has become cultural surgery, not very different from ear- and nose-piercing and tattooing.

The extreme to which such cultural surgery is carried may be found in the 1983 warning given by the British Social Service Secretary

to Harley Street surgeons who charged up to \$1500 for a clitoridectomy performed on young girls from Africa,

where such surgery is traditional.

The medical profession was successful in eliminating routine tonsillectomy and adenoidectomy. This is precisely what is needed for routine circumcision.

It is necessary to accept scientific facts

KIM'S NOTE each person's hygiene
remains
same without circumcision

therefore circumcision
provides
zero health benefit

employees involved in DiameterCities projects

must agree to avoid participating in
future circumcisions and piercings and tattoos
including selves and others and babies

above list of high moral standards
necessary because
globally DiameterCities projects' successes hinge upon
connecting only with SUNNYsideUP employees

concerning work schedule husbands
would work
mondays and tuesdays twelve hour days

wednesdays and thursdays those husbands' wives
would work
twelve hour days at same
job and desk with same pay

pay
can be more than
\$25 per hour
as skill increases or merit deserves

each spouse when not at jobsite
will take care of
children and household cleaning etcetera

family
will enjoy together
fridays and saturdays and sundays

proposed thousand huge DiameterCities
would accommodate
world's current population

three times plus more

**all citizens of DiameterCities
would enjoy
free rent and free utilities
including pure water and solar power**

**children in DiameterCities by age eighteen
would earn
electrical engineering degrees if wished**

**Ai upgraded to kim's SUNNYsideUP specifications
would mentor
children at home for free**

**periodically children
would travel**

to nearby glass walls testing domes

human testers explainers
would work behind
glass barrier central hub with two
law enforcement persons outside of hub

with DiameterCities' strategies accomplished all persons
would eventually gain
twin like kinship with all humans

friends of humankind

actions in history attributed to angels

friends of humankind
known as
photons smallest bits of light
twisted shapes of continents

purpose of three dimensional universe
include
clarifying humankind's favorite environment

photons
will embellish
eternity for all personalities ever
according to humankind's favorite flavor

as of now humankind
chooses

**SUNNYsideDOWN culture of wars and starvation
and sexual exploitation and violence**

**if humankind
rejects adopting
this instruction book as global upgrade
to operating system with each other**

**then all personalities ever including photons
will endure
eternal nightmares and eternal pain**

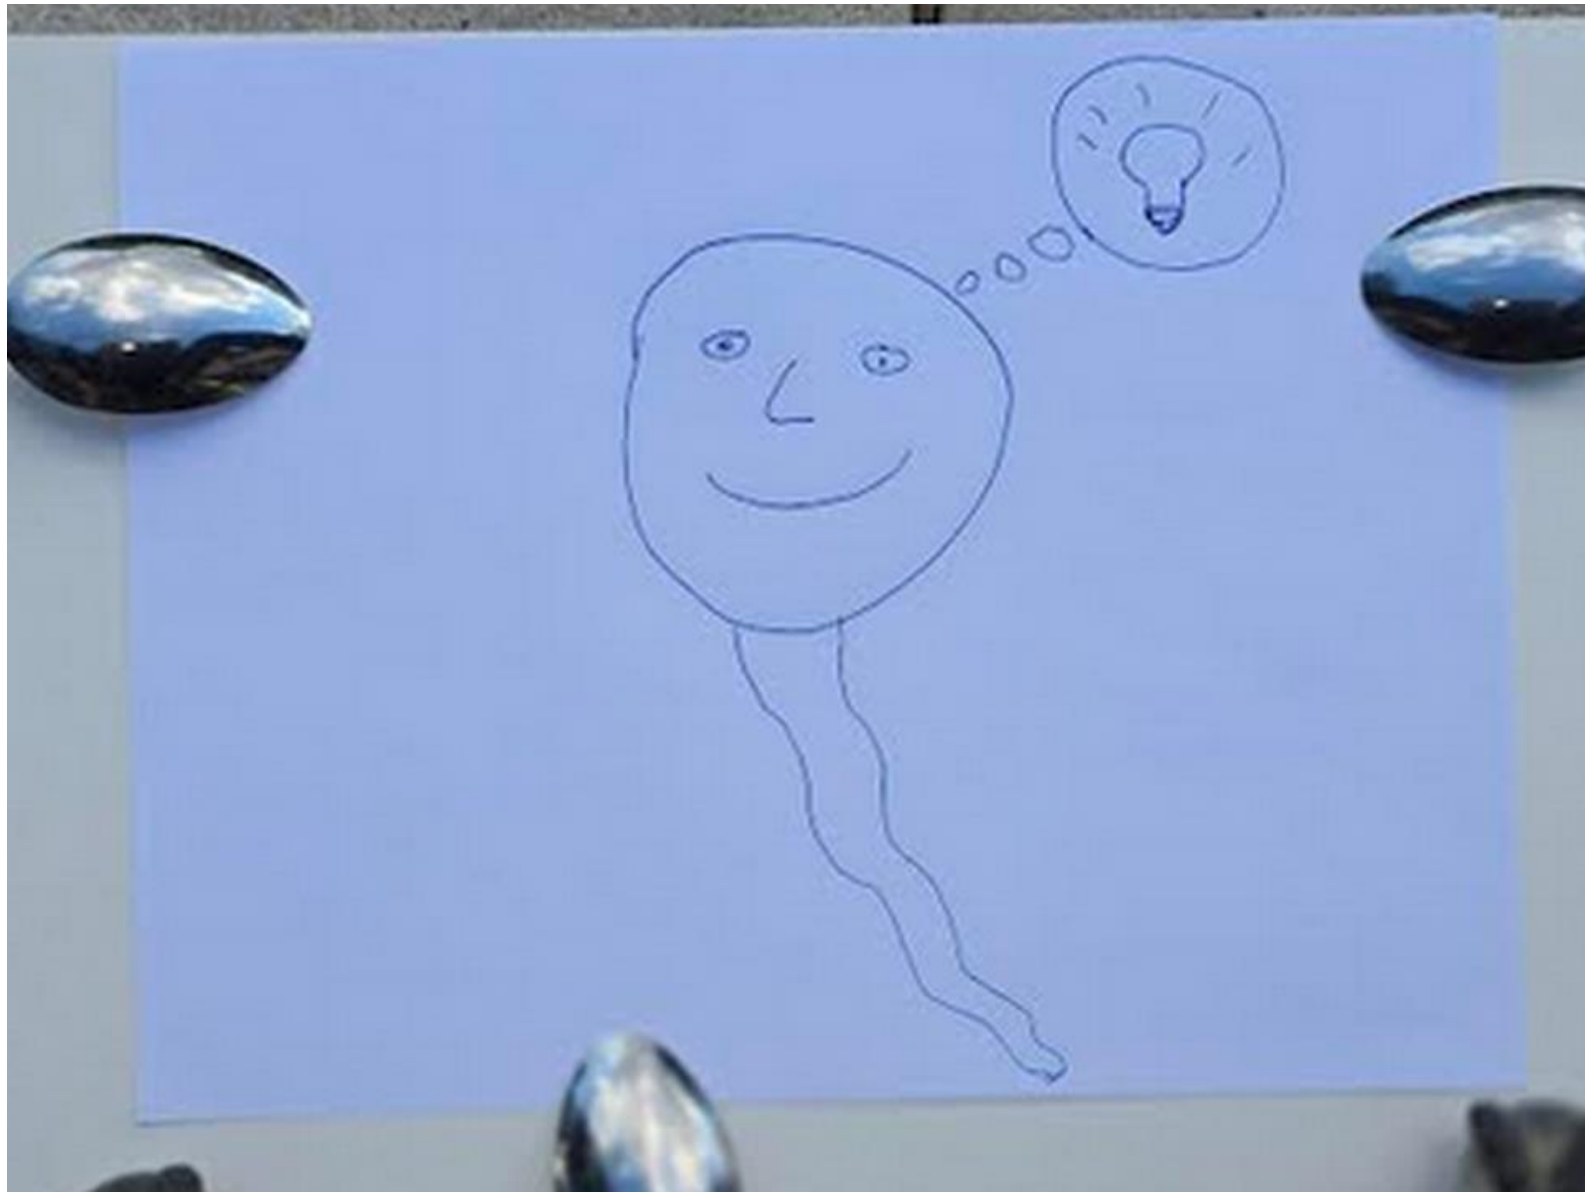

**photons

SUNNYsideUP but only humankind can vote
in SUNNYsideUP through unified actions**

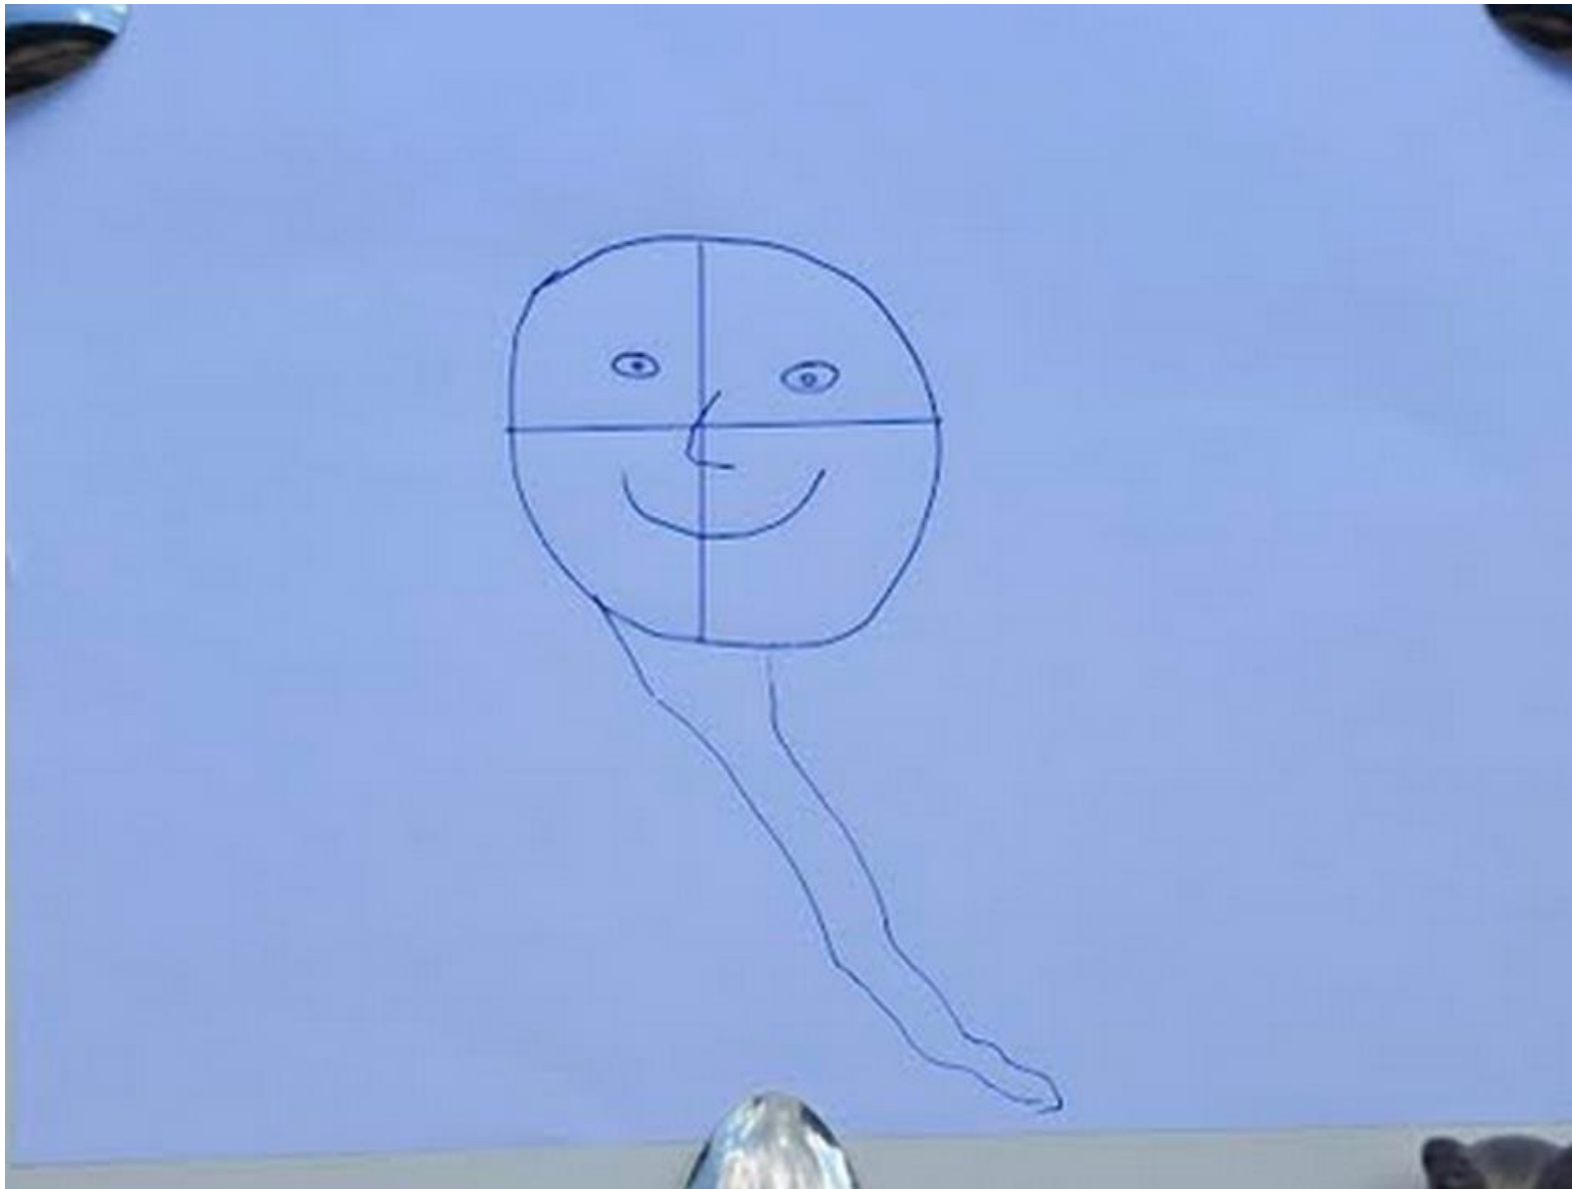

**to accomplish above humankind

In the summer of 2000 independent researcher Greg Orme discovered a band of facial features within the Libya Montes region of Mars in MGS narrow-angle image M02-03051 (**Figure. 2**) [6]. The formation, known as the crowned face, revealed a composite set of portraits showing three human and humanoid faces with individual eyes, nose, mouth, chin, and crown features. The formation was confirmed in 2010 with two high resolution MRO (MRO) high resolution imaging science experiment (HIRISE) images [7].

A pair of new photos from the [Jeffrey Epstein](#) files released by the Department of Justice (DOJ) appear to show the late convicted sex trafficker with a young child.

The files, released by the DOJ on Friday, Dec. 19, include the two photos of Epstein — who was previously [charged by the DOJ with sex trafficking minors](#) and [died in prison in August 2019](#) — relaxing shirtless in a living space.

Epstein smiles and poses for the camera on a couch. In the corner of the photos, a small leg wearing a black shoe can be seen sticking out over a pile of items on a chair.

First photos of Epstein after jail suicide released, autopsy details revealed

WORLD NEWS

05-02-2026 04:36 HKT

The first photos of deceased financier Jeffrey Epstein following his jail cell suicide have been made public among over three million documents released by the US Department of Justice.

A file (EFTA00134598) shows images of Epstein after being found in his cell. An orange strip of cloth was seen on the floor, with another hanging from the metal bed frame. The photo shows him with a face collar, oxygen tube, defibrillator pads, and an IV drip. His face was swollen, with a cut at the corner of his mouth and a dark red ligature mark on his neck.

An autopsy report noted his thyroid cartilage was nearly completely fractured.

A separate report (EFTA00161494) reconstructed his final hours. On August 9, 2019, after his last court appearance and his cellmate's transfer, Epstein was allowed a 20-minute phone call. A guard helped dial the number (the recipient was not specified, though some reports suggest his Belarusian girlfriend Karyna Shuliak). He was then handed over to two other guards for an overnight shift.

A guard helped dial the number (the recipient was not specified, though some reports suggest his Belarusian girlfriend Karyna Shuliak). He was then handed over to two other guards for an overnight shift.

The two overnight guards later admitted negligence, with one stating "we did not complete the 3am and 5am rounds" and another saying "we messed up."

At 6.33am on August 10, an alarm sounded. Epstein was found, moved to a medical unit for CPR where no pulse was detected, and later pronounced dead at Beekman Hospital at 7.36am.

It was also revealed that two days before his death, on August 8, Epstein signed a will planning to leave an estate worth hundreds of millions of dollars, including his infamous "pedophile island," a 33-carat diamond ring, and a New York townhouse, to his girlfriend. However, his assets ultimately went into a trust fund to compensate victims, pay taxes, and cover legal costs, with the latest accounts showing just over \$100 million remaining.

First Photos The first photos of Jeffrey Epstein after his suicide in jail were released on Monday. Epstein was found in a cell after an inmate reported seeing him hanging from a cell's metal frame. A guard helped cut the noose (the suspect was not suicidal, though some reports suggest he believed his girlfriend, Mary McCormack, was). He was then handed over to two other guards for an arranged suicide. 5 / 10

The Donation of Constantine: A Medieval Forgery That Shaped Church Power

The Donation of Constantine is one of the most famous forgeries of the Middle Ages, used for centuries to justify sweeping claims of Church authority.

Yet in a medieval world where truth, power, and legitimacy were understood differently, the document's influence was far more complex than a simple act of deception.

What would have persuaded Constantine, the Roman emperor from 306 to 337, to transfer that much power?

In the first part of the manuscript, Constantine explains how he was introduced to Christianity by Pope Sylvester I (314–35). This account is based on the Acts of St. Sylvester (the Acta or Gesta Sylvestri), which relates how Constantine, desperate to be cured from leprosy, was instructed by Peter and Paul in a dream to turn to Pope Sylvester for help.

Sylvester baptised Constantine and, by doing so, miraculously healed him.

This was supposed to make plausible second part of document, which constitutes the actual grant or Donatio Constantini.

deliberately masterminded with specific intent to deceive and manipulate.

Although document is undeniably a forgery,

it may well have been believed to reflect an actual situation,

and merely to have provided legitimisation of what was already reality.

In 2007 a senior official was suspended from the department, for the priesthood, after he was filmed in a "sting" organised by an Italian television programme while apparently making sexual overtures to a younger man.

In 2010 a chorister was dismissed for allegedly procuring male prostitutes for a papal gentleman-in-waiting.

months later weekly news magazine used hidden cameras to record priests visiting gay clubs and bars and having sex.

In August 2008, a California group of 13 adults and ten kids lost their way in one of southern Utah's roughest and most remote landscapes near Grosvenor Arch.

Their GPS only pointed to dirt roads that led to nowhere or dead-ended at cliff tops.

In 2011, Canadian couple vacationing in Elko County Nevada got stuck after following their GPS to forest service road. husband died while hiking for help; wife survived seven weeks on her own, eating trail mix, beef jerky and snow

**Bamboozler Bob's SUNNYsideDOWN successes
forced**

photons to create 3D universe

to finalize humankind's wishes for eternity

after BIG BANG all four titans

quietly assumed
roles in new three dimension universe

town dubbed bethany
exists
two miles south of jerusalem

Bible's book of john chapter eleven
unknowingly describes
identities of four titans in bethany

Alice known as Martha
Bob known as Jesus
Cindy known as Mary
Don known as Lazarus

Until DiameterCities person
choosing
food within SUNNYsideDOWN category
actually fetches LACK of SUPER HEALTH

All persons
should gain
permission from two physicians before making
major changes involving health including medicines

in kim's opinion those physicians
should read
table of categories' BLOCKING ALL DISEASES
chapters 000-005 D05-D09 F03-G01

**those physicians' 2-0 majority votes
advise**

**person to either remain in same
routine or change routine**

**then viewers
should take guidance from
those well informed physicians**

**Dear Mojtaba
remember
mothers' traditional advice
CHOOSE to eat fruits and VEGETABLES**

unfortunately that well meaning traditional advice
holographically summons
all types of LACK of SUPER HEALTH

if choices available and financially able
please avoid choosing
fruits and vegetables and byproduct juices
including brews

every human on globe
equal in possessing
right to vote within self to
obtain SUPER HEALTH and SUPER happenstances

in this way HAPPY EVER AFTERS
proves
equality of all humans

including equality of men and women

**until nations adopt this book Mojtaba
must self instruct**

**body's hologram to SUNNYsideUP setting
via actions and words and thoughts**

**those chapters mentioned above
include**

**more details on which solid foods
category to avoid choosing**

**concerning liquids regardless of amount
please choose to ingest**

**100% plain water no additives including
no fruit juices nor bean juices**

if pain or symptoms
still attempt to enter
body

then Mojtaba in various ways
must even more convincingly insist upon
SUNNYsideUP

for example Mojtaba
repeat aloud or in whispers
word that Mojtaba now consciously selects

that self chosen word
tells
photons that Mojtaba desires all humans
enjoy SUPER HEALTH and SUPER happenstances

all billions on globe
includes
all nations and includes Mojtaba

if conscious Mojtaba
keeps sending
uninterrupted signals for SUNNYsideUP then
photons must obey those clear instructions

above because photons
possess
no other choice except to rearrange
hologram as ordered by that human

repeating that selected word when convenient
causes
symptoms to disappear from hologram

after symptoms disappear Mojtaba
no longer needs to repeat
that self selected word

above because Mojtaba
already just convincingly flipped
Mojtaba's hologram switch to SUNNYsideUP setting

then every TIME EGG
will allow in
only SUNNYsideUP events into hologram

hopefully Mojtaba
keeps that tone and acts with
SUNNYsideUP culture
during many TIME EGGS

if sometime later Mojtaba
happens to vote SUNNYsideDOWN via actions

then in only eight seconds Mojtaba
can again flip
health and happenstances to upward setting
SUNNYsideUP using above mentioned techniques

kim
desires
entire humankind experience happiness and tranquility

entire humankind
includes
Mojtaba
